BOOSTER'S MEETING    MARCH 9, 2013    COMMUNITY CENTER 6:00

Officers Present: Carla Vierra, Frank VanRavensway – Co-Presidents,  
Janet Podell – Treasurer, Linda Crow – Secretary

Absent: Judy Greinke, Don Greinke

Carla opened the meeting about 6:00pm

Treasurer's Report: The BOOSTERS earned \$947.00 at the Thanksgiving BOOSTERS Event because of the generous donations of nine gift baskets from Darrell and Carla Vierra and two Herronopoly Games donated by Mark and Jenna Anderson. Raffle tickets were sold for the baskets and one of the games with a live auction for the final Herronopoly game. The current balance in the BOOSTERS Checking Account is \$10,079.54.

Door Installation: The discussions continue on the size and type of doors that will be installed at the back wall of the community center for access to the covered patio area. One garage-type door is the most favorable at this time, with windows for additional light in the room when the door is closed. We are looking for doors that give us the best access, safety, and also heat retention. The HMC Board gave permission to open the wall for getting accurate measurements for proper fit; the building must be kept secure at all times. Volunteers are needed for carpentry work.

Storage Shed at North side of Community Building: Enclosed secure storage is needed at the Community Center now and will be even more important once the back door is installed. Flyers were presented
