

Parks Meeting November 5th 2019

Attendees: Dale & Carol Miller, Dana Gruber, Mike & Judy Gage, Leslie Sanderson

- Received a Herron Island Dog Park Proposal from Kathleen Nelson and Karen Dorans. Parks committee reviewed the proposal. We listed some pros/cons and we are replying back to Kathleen and Karen with the concerns. We do agree that a dog park is a good idea and will continue to work on the proposal before we will present to the board. At that point we will have all the concerns and information at that time so the board can make a final decision.
- Kayak Racks was discussed. Dale will get the cost of how much it would be to build a few more kayak racks. One concern was brought up regarding the decal stickers- basically they sometimes get wet and fall off and it was suggested to take a permanent marker and write name, member # and phone # along with the decal/sticker. We would like to address this issue by informing the members by way of the Beachcomber. Another concern was kayaks not being placed on racks and leaving them on the beach/ground. It is the responsibility of the member to place them back on the kayak racks, and if they don't there is a good chance they may float off in the sound.
- Nature Park was discussed. We would like to make trails for members and guest to walk around. We are currently looking into Wetland information and requirements. We have information from a Wetlands expert and we have a member on the island that we would like to see if there is a possibility to do pro bono work for this project.
- Next Parks Meeting is December 10th @ 10:00, Tuesday.
