

Island Manager Report December 11, 2021

Volunteer

Thank you to Dan Marten. Dan does an amazing amount of work for HMC all the time. From clearing ditches to cleaning up wood; to taking care of clean up at the Water Department; to taking storage boxes to the attic for the office; he makes himself available. Also, he and York Lambrecht recently took the water truck in for repairs.

Ferry Committee

The committee is working on a list for expected maintenance and repairs for the September 2022 shipyard. Once the shipyard has this list, they can determine timing for the shipyard period. Dates will be published when this is provided.

Trees

HMC had several trees cut and other cleaned up Saturday, Dec. 3. Thank you to the volunteers that make this happen.

Mainland Ferry Terminal

Every two years Pierce County requires the mainland ferry terminal to be inspected. This has been completed. The Ferry Committee is reviewing recommended maintenance and repairs.

The island side is inspected every four years, both will be inspected again in 2023.

Office Holiday Closure

The office will be closed as follows.
Christmas – Friday, December 24

Legal Liaison: There are 17 delinquencies; 9 with the attorney's office

Departments/Committees

Parks: Tracy Anspach

Roads/Water Maintenance: Dan Marten

Emergency Preparedness: Ken Higgins

Rules: Mike Fassio, one matter pending

Small Boat Docks: Sherri Anderson
Ferry Committee: Dave Hancock
