

Herron Island Boosters May 24, 2022

President Robin welcomed everyone and thanked the Parks committee and all the volunteers who came together to work at North Beach. The pavilion has fresh paint, the new kayak rack is fantastic, and the play area and pruning are all great improvements. Robin reported the unidentified kayaks rounded up from North Beach would be auctioned off at some future date. Carolyn was thanked for her work with the reader boards announcing Booster events.

Secretary Joyce alerted everyone to search for minutes from the last meeting online.

Treasurer Lisa gave her report.

Old business

May 21 starting at 1:30 Boosters will be doing a deep cleaning of the community building. All supplies will be there. Anyone wishing to help for any length of time is welcome to join in.

Tracy will gather volunteers to finish work on the Pavilion trim at North Beach. Karen is looking into a floor covering substance that will improve the appearance of the floor in the community building and make it easier to clean. Tracy has experience with materials that work and look best with speckles, not sparkles, added. They will get back to us with a bid.

It was voted to keep Carol's refrigerator that she generously donated.

Memorial Weekend

Saturday

Pickleball at 9 and Baseball at 11 will be organized by Ted.

The live band Retro Rockets will be rocking out at the Pavilion from 3-6. Joyce played their rendition of Runaway at the meeting, which created a spontaneous outburst of song erupting when

many people realized they knew all the words and wanted to sing along. Joyce encourages everyone to come sing and listen and dance Saturday. We can't do evening times due to the ferry schedule. But we'll be rocking from 3-6. Boosters paid \$500 for the band.

Decorations will be put up by Suzanne, Robin and Cindy and Joyce.

Sunday

At the Community Building

Merry has organized apparel sales for Sunday morning.

Lisa will handle refreshments and coffee at 9am Sunday. Junk in the Trunk will take place at the same time. Memorial lanterns will be available to pick up Sunday morning.

The Memorial Day Lanterns will be sent off on the water at the beach at 830 pm with taps playing. Kayakers will pick up the lanterns and return them to shore.

Monday

Mike S will raise the flag in honor of Memorial Day at 8 am and Ken has arranged taps to be played.

Fourth of July

Luckily Diane will again oversee the parade. Grills will be fired up at North Beach afterwards, but we need more grillers for those yummy hot dogs.

Tracy will organize a Fishing Derby for kids.

There will be more organizing at the next Booster meeting in June.

New Ideas

Don has offered his band to play on a weekend night that they have open. Mike and a couple of others suggested a Hot Summer

Nights weekend in August, a great event from the past, which also included a car show. Everyone agreed this was a great idea. Now a date will need to be set.

Joyce suggested a Street Scramble event like the one they do in Gig Harbor and Seattle. Sharon offered to help her organize it. Perhaps Labor Day Weekend will work for this new event.

With that Robin thanked everyone and the meeting was adjourned
