President's Message

Greetings -

I'm writing to you from my home office in Woodinville, northeast of Seattle. My wife and I have not been to our Herron Island cabin since February. That's the longest we've been away from the island since we bought our place 16 years ago. I apologize that our lawn is looking shabby.

I would like to thank those who have made the sacrifice to limit their trips to the island. We all miss our retreat in the south Puget Sound. I trust there are more good times ahead.

If you do visit the island, please be safe. Pay for the ferry with tickets, check or exact change. Keep your interaction with the crew to a minimum. Stay in your vehicle. Please consider wearing a facemask at the ferry. We want to keep you, your family and our ferry crew safe.

Here are a few items of interest:

On-line Board Meeting - Last Saturday your board of directors held a meeting using the Zoom conferencing platform. Although we would all prefer to meet in person, that's not allowed right now. Until we are able to meet safely in person, teleconferencing is a workable alternative. The meeting went well. Members were able to listen to the meeting. Toward the end of the meeting, members made comments, asked questions, and offered suggestions. Hopefully, we can continue to use teleconferencing for future meetings. Participation is encouraged.

Picking up mail - It was suggested that we allow members to drive onto the ferry to retrieve their mail

with vehicles including golf carts. This will help minimize interaction with the crew in the passenger compartment. We will try this during the covid-19 pandemic. If you are picking up your mail, please give priority in line to members who are commuting to work or have appointments.

Dry Dock – The ferry drydock has tentatively been scheduled for September 12 – 27, 2020. It was moved to the end of month at the request of members who wanted to use the ferry for as long as possible in September.

Assessments - You recently received your April assessment notice. A few members have asked if HMC could defer payment like some governments and large businesses are doing. Unfortunately, deferring payment of assessments is not something HMC can offer. We don't have reserves and revenue sources like governments and big businesses. HMC depends on your assessments to keep HMC financially solvent and the ferry running. Arrangements can be made with the office to pay with a credit card or pay monthly in advance.

Memorial Day Weekend – It's unpredictable whether Governor Inslee will lift the stay at home order by Memorial Day weekend. We know this will not be a "normal" holiday weekend. We will update you with more information as we get closer to the holiday. Our priority is to keep everyone safe.

Canine Etiquette – As a reminder, our rules require that all dogs be kept on leashes at all times, unless you are on your private property. It is particularly important to follow this rule at our North and South community beach parks.

Please Slow Down – We want everyone to observe the 15-mph speed limit. We are starting to

(Continued on Page 2)

(Continued from Page 1)

enter the dry season. When you drive too fast, it kicks up dust. Look in your rear-view mirror. If you see a cloud of dust, you are probably going too fast.

I would like to thank our entire staff – Island manager, office staff, HMC contract workers, and ferry crew for the extraordinary job they are doing in this unprecedented time. The world health crisis has created additional work for all of them. They continue to work hard to keep your ferry running, manage the finances of HMC and attend to a

myriad of responsibilities. It's times like these that we truly see how valuable our staff is to our community.

We all appreciate all the valuable service our volunteers continue to provide. I am thankful for all the hard work the Board is doing, too. It's rewarding to see our community step up in this difficult time.

Thank you and please stay safe.

Top 10 Things New Board Members Should Keep in Mind

(Adapted from Community Associations Journal March 2016)

Documents referred to in this article can be found on the HMC website

CONGRATULATIONS! You are on the board! The contribution you are making to your association is valuable and necessary to keep things running.

With a little reading and talking to other board members, you'll be up to speed in no time.

1. **You don't have to make up the rules, you only need to follow and/or enforce them.** Most boards already have a process in place to make things run smoothly.
2. **Get to know the lingo.** Board meetings can be filled with a lot of industry jargon, acronyms and abbreviations. Following are a few examples to get you started:

RCW – Revised Code of Washington

a.

Reserve Study – budgeting tool required by state statute that lists all major components within your community and then compares upcoming projects with how much money is available.

b.

3. **Familiarize yourself with the rules.** Governing documents are a hierarchy of rules. The top documents have the highest authority and the broadest language. The bottom of the list has the least authority and the narrowest language. Understand that the legalese may take a little getting used to before it actually makes sense. Read it through and understand that many things will make sense as you get further along in your reading and experience.
4. **Revised Code of Washington** (RCW or state statutes) that apply to your association. (For HMC, that is RCW 64.38.)
5. **Articles of Incorporation**
6. **Bylaws**
7. **Rules & Regulations** (Note: HMC – See Island Rules)
8. **Get familiar with existing contracts.** Know what is included in your association's contracts with service providers. You can renegotiate expectations as needs change.
9. **Familiarize yourself with the current concerns the board is discussing.** If you have the opportunity, schedule an appointment with your association manager or another board member to get you up to speed or ask for meeting minutes from the last 3-4 meetings (Note: HMC – These are posted.)
10. **Things take longer than you might expect.** Even the smallest project can take some time due to the process that must be followed. Be patient, be prepared and take the opportunity to move things along expediently when the occasion arises.
11. **Rely on the experts.** You do not need to be an expert to be a board member. You only need to know when to consult an expert. Once an expert is consulted, understand that it is in the association's best interest to listen to the expert's advice. If you still have questions or concerns, keep asking questions or consult another expert.
12. **An association manager is part of your team.** A manager never takes the place of the board and a manager has little to no authority in making decisions for your community. Use a manager to facilitate, advise, educate, organize, and, among many other things, do the leg work for the board so that operations can go more efficiently and effectively.
13. **Your association is a business.** Taking this to heart will help you when making decisions. Personal concerns can easily burden you when considering a decision for the association. When this happens, remind yourself to "keep it business" so that you can eliminate the personal portion and make the best business decision for your association.
14. **Look at the big picture.** It is easy to get caught up in the details of any concern. Remember the main purpose of the project and let go of the smaller details that may only add to frustration rather than the actual goal.

Keep asking questions, don't take things personally and be efficient and effective when communicating. Being a board member can be a very rewarding and educational experience.

It's Tansy Time!

Spring is here, bringing with it warmer days, a beautiful array of new flowers, and weeds.

One especially wicked (ob)noxious weed, *Tansy Ragwort*, has made Herron Island its home. Each plant produces 150,000 + seeds and colonizes rapidly. The effort and cooperation made by Herron Island property owners in the control of Tansy Ragwort has steadily increased, and we are making progress!

Field Inspectors from the **Pierce County Noxious Weed Control Board** will begin **making routine inspections on the Island towards the end of June.**

If Tansy Ragwort plants are discovered on your property, please eradicate them as soon as possible. Any questions concerning Tansy Ragwort, control methods, a list of herbicide spray professionals, or compliance with the Noxious Weed Laws please call the County office at 253-798-7263; or leave a message with the Pierce County Field Inspector call 253-798-6844.

There is a homemade and environmentally friendly way to eradicate Tansy yourself by mixing the following ingredients and spraying the tansy growth. You'll see results in a matter of hours!

1 Gallon Vinegar
2 cups Epsom Salt
1/4 Cup Dawn Dish Soap

Just mix and keep some in a small spray bottle. Spray in the morning after the dew has evaporated. Walk away and after dinner the weeds are gone. It will kill anything you spray it on.

Herron Island Emergency Preparedness

With our limited trips to the store, now is a good time to go through the pantry and rotate and use what you have in stock. As always, we should have a good selection of non-perishable foods.

- Peanut butter.
- Whole-wheat crackers.
- Nuts and trail mixes.
- Cereal.
- Granola bars and power bars.
- Dried fruits, such as apricots and raisins.
- Canned tuna, salmon, chicken, or turkey.
- Canned vegetables, such as green beans, carrots, and peas.
- Canned soups and chili.
- Bottled water.
- And don't forget the coffee and Tea,

This is just a small list of things to have and it's always good to put a date on those things, so you know when you bought them.

There are many web sites that have info on stocking and maintaining your pantry.

Here are a couple of links to web site to make your own masks, if you search for DIY face masks you will find plenty of easy to make designs.

Ready for Boating Season?

As we move closer to the start of boating season, remember to check your safety equipment like buoyancy vests and fire extinguishers for current expiration dates. See Boating Safety checklist below:

First Mate Checklist
presented by:  **Sea Tow Foundation**
for Boating Safety and Education

- ☐ Does everyone on board have a **life jacket** that fits? Help your shipmates put their life jackets on!
- ☐ Where are the fire extinguishers, emergency flares and first aid kit on the boat?
Make sure everyone else knows too!
- ☐ Double check that your navigation lights and horn work before leaving the dock.
- ☐ Help your captain perform a radio check to make sure the VHF radio is working properly.
Use **Sea Tow's Automated Radio Check Service**.
- ☐ Check the bilge. You want to make sure it isn't filled with water.
- ☐ Check the gas gauge and let your Captain know how much **fuel** you have.
- ☐ How does the weather look? You don't want to head out on the water if it looks like it's going to storm.
Download the Sea Tow App to help track the weather.
- ☐ Make sure you have drinking water and **sunblock** on board.
- ☐ Ask your captain what the safe way out of harbor is and help them determine your course using the compass.
- ☐ Last thing to check:
Is everyone ready to have FUN?

Vehicles/passengers arriving after the five minute cutoff time are not assured a place either on the current run or shuttle.
If additional vehicles/passengers arrive after the cutoff and prior to the final shuttle departure they will only be accommodated as space permits on the shuttle. Any remaining vehicles must wait until the next scheduled run.
The ferry may not make shuttle runs if the ferry crew reach legal work hour limits. Some shuttles may not be made to assure the ferry crew gets required breaks.

Combinations (in-tow) of any length and/or single vehicles longer than 25 feet will not be transported after noon, the Thursday before Memorial and Labor Day holiday weekends. Restriction dates will be posted for the Independence Day holiday.
