

**HMC Management
Island Manager Report
Board Meeting
December 13, 2008**

Administration

- For Board discussion: follow-up to meeting with Aspen Surveying.
- For Board discussion: contract with FD 16 regarding use of Community Building, payment of certain costs and consideration of placing the electrical service in HMC's name.
- Information: ferry fueling cost reduction: response from APP.
- Information: HMC continues to have the lowest possible unemployment tax rate, and very low L & I rates.
- For Board discussion: selling the weed sprayer and 3-phase converter.
- The former ferry generator is operational but is not in final location.
- New radio batteries for Emergency Preparedness have been purchased.
- The office will be closed on December 25 and 26.

Legal

- The O'Neill delinquency has been paid off.
- For Board discussion: the vehicles on the former Rucks property.
- For Board discussion: a proposal from Russ Harpel regarding his properties.

Parks

- The Parks Chairperson provided a report.

Roads

- Road signs.

Rules

- One recent complaint was resolved by the parties, and there is one current complaint in process.

Transportation

- Two applications for part-time deckhand positions are being processed.
- Two of the large lights at the ferry terminals failed and were replaced under warranty.

Water

- The final draft of the Water System Plan is circulating among the water committee members.
- Red's Electric in Bremerton has been contacted and will be the company HMC will call in event of any problem requiring outside assistance with the wells or booster pumps.
